

PROPHESIES GREAT EVENTS —WAR AND WILSON'S DEFEAT

"Yet a little while and I will shake the heavens, the earth, the sea, the dry land, and I will shake all nations, and the desire of all nations shall come, saith the God of Hosts."

The present war is to be a world's war. The tragedy will spread. Greece will enter the conflict, within the next cycle of the new year. Every neutral nation will be goaded to madness by the fear of Mars. As I said a year ago, the conflict would go on and the crisis of America would come, it is now at hand. Prepared or unprepared, the United States will play her part in this greatest drama of arms in the history of the world.

Again I declare the German emperor will not live to see the end of this war. His regal star will set while the profound thunders of cannon shake the heavens and the earth and all nations. It will be a crucial year for royalty, the burden and sorrows of war will remove two royal rulers and two others will be taken from royal families before November 1. England's ruler will be twice in imminent peril. The shadow of assassination is dark from January to May. It spreads over Greece, Austria, Italy, Bulgaria, Spain, Mexico and America.

As I said over a year ago, all the

extended offices for mediation in this war from the Vatican down to the Ford argonauts have failed. This is not man's war, nor will it be settled by man's peace. "I will give peace," said the God of the Nations, "and the glory of this latter shall be greater than the former." War is a divine crucible in which humanity is fused into a new brotherhood. A new world is being born amid the travail of arms. A new humanism. A fairer era of freedom. The war will shake into dust decaying institutions of greed and selfish ambitions. It will consume in its fierce state forms of class government. It will Christianize industry. It will spiritualize social living. It will unify Christian, social, political organizations. The world will become one great human family. Humanity will have a new faith, high as God, broad as brotherhood, deep as love. War shall not destroy, but it shall shake the heavens, the earth and all Nations," and then "shall the desire of all Nations come."

The chronology of the Christian era ends with a world's war, and we are now entering the epoch of fulfillment. A strong movement for church unity will begin in the year. Meetings of great religious fervor will abound. Not a good year for educational institutions, the excitement of war, the great demand for young men in our industries will affect both secular and denominational institutions. Noted savants will pass from educational circles, while religious circles will lose noted men. These changes will be startling, seemingly almost to remove the very pillars of organizations, institutions and systems.

Younger Men to Rule.

Governments will be shaken. Every kingdom and republic will undergo drastic reorganization, adjustment and

renewal. Younger men will come into power. Governments will suffer the shocks of revolution. China, India, Egypt and all the Orient will be as a sea lashed to fury by the madness of war. Humanity will unfetter itself from worn-out systems and stale forms. The war has stimulated all governments with a mighty dynamic desire for power, progress and prosperity. A tidal wave of this spirit will sweep America. The present congress will witness giant struggles, new ideals against the old. The session will be long, many violent scenes take place. The policies of the administration will not prevail, the policy of preparedness, protection and power will prevail. The session will vote for war. Pseudo and petty reforms will disappear like pebbles tossed into a lake. Alien sympathy will place congress, government officials and financiers under cruel espionage, and the shadow of the assassin will be seen in many places. Our war office and navy will not escape. Three noted Senators pass away.

Predicts Wilson's Defeat.

Our president has a master mind. His administration has been marked by profound scholarship, penetrative logic and that patience which comes of knowledge. But America is restless, impatient and filled with ambitions. The people will not return the president to another term of office. President Wilson is eccentric, his political family is eccentric. The administration will fall from lack of party unity. The president will see a crisis in January, will be in danger the last of February and again in March. He will suffer both mental and physical depression in June and July.

It will be an old-fashioned winter from January to April. Severe storms, high winds. The middle west will suffer both storms and floods. Cotton will be an abundant crop of fine quality. The early crops will be the best in the west. A great wheat and corn year. New England will have storms and high winds in January, with a big storm near the middle of February. An immense season for the maple sugar industry, because of deep frost and heavy snows. A wonderful fruit season is promised. All farm and garden products will be blessed with high markets.

The tragedies of the year will be on land, not on the sea. Beginning with the 20th of January, and stretching across to July 26, will be a period of intense magnetic tension. The bands of magnetic ethers come close to the earth. The principal earthquakes of the year will happen within that period. Volcanoes become active. There will be tidal waves in the Pacific, with waterspouts in tropical waters. A period of terrific heat will mark the first eleven days of July, followed by cyclones and sweeping storms. The first cycle of four months will be severe in fires. The principal fire zone lies between Montreal and Chicago. London will have a big fire. Railroads suffer in the first half of the year.

End of War This Year.

The end of the war will be in the last half, not the first half of the year. The tide will turn in April. It will come through force of virtues, not the force of arms. Blood is the verity of life. Life is the verity of God. "God hath made of one blood all nations of men." "God, through the blood of the everlasting covenant, shall bring again the verity of peace." "Saith the God of hosts, I will shake all nations." Not England, not Germany, not Russia, nor any other nation produced this war. What God permits he produces. What exists God creates. The humblest life and the noblest that is sacrificed in this war shall have part in building the new world God has ordained. They may have fought unknowing, but through the ages, in their spiritual and real embodiment they shall know and shall co-operate with endless generations in perfecting peace, love and brotherhood. "And the desire of all nations shall come." God shall ordain greatness and glory out of the madness of nations. Not thrones, empires or republics, but man is the purpose of eternal ages.

The throne of Austria will become vacant. The emperor of Japan will become a popular ruler. Great honors of war will come to the soldiers of France and Italy. England's success

will come through new and younger blood in her cabinet and war officials. Japan will retain amicable relations with America. The king of Greece will be in imminent peril. The czar will be troubled by internal discord, but Russia will not fail of playing a most important part in the world conflict of arms. The American navy will be brought into action in the first half of the year. Mexico will continue turbulent, and Carranza will be in danger of assassination.

Epidemics of fever will break out in New England and the middle states. February and March will be marked with rages of pneumonia. March will be a strong month of disasters, conflagrations, while April will be a month of sensations in government and financial circles. There will be a rise in copper shares. The price of coal will advance and cotton will have a strong market. Stocks will have a reaction in April and in July. The year will be favorable for all sports, and all the resorts will have most favorable conditions for a prosperous season.

The Next President.

The presidential election will arouse immense enthusiasms. There will exist tense situations. The nominating conventions of both parties will be full of sensations and scenes of great rivalry. The president will be opposed by a big contention of pacifists, but will be nominated. In the republican convention favorite sons will crowd for recognition. The demands of the people will ouster the politicians. The party will not tempt fate in so trying a crisis. The ultimate hour of America turns upon the election. America will rise as the sovereign nation of the world. The administration will change with the election. The next president's name will begin with "R" and he will be elected by the greatest vote ever given a president.

America will not suffer greatly through war. The period will be brief. She will win the respect and confidence of the whole world. She will become the supply house of the world. America will supply and rehabilitate Europe. An era of Utopia will begin. Industries will be crowded day and night. Manufactures will multiply like magic. Facilities of transportation will be jammed by land and by sea. Prosperity will become a swollen river of gold sweeping from the Atlantic to the Pacific. Architecture will change from bricks to marble. Ornaments from brass to gold. Science will make a most phenomenal advance, while art will take an inspirational life through wonderful and exalted ideals. This era of American greatness and wealth will begin in the year of 1916.

Three Earthquakes Coming.

The United States will have three earthquakes in the year. Two will occur between January 18 and March 25. Another will occur in July. These will be felt largely by the coast cities. March, May and August are months of peril, dangers, accidents, crime and disasters. It will be a most favorable year for discoveries and inventions. Great interest will be taken in music and all fine arts. Musical conventions, assemblies and organizations will increase. A new demand will come for artists with musical talent. Congress will remove the problem of the tariff from politics. It will become an American institution of protection.

The author prophesied the present war in December, 1912, and again in March, 1913. In December, 1914, he declared that the German emperor would not live to see the end of the war. That Italy would enter the war in the first quarter of 1915. That alien sympathizers would endanger neutrality, that the war would continue and America become involved.

TO CURE CHILDREN'S COLDS.

Keep child dry, clothe comfortable, avoid exposure and give Dr. Bell's Pine-Tar-Honey. It is pleasant, soothing, antiseptic, raises phlegm and reduces inflammation. The first dose gives relief, continued treatment with proper care will avoid serious illness or a long cold. Don't delay treatment. Don't let your child suffer. Get a bottle today. Insist on Dr. Bell's Pine-Tar-Honey. 25c at druggists.

Pontotoc Farmer Here.

Elmo Ellis is an Ardmore visitor today from Ada. Mr. Ellis is the farm demonstrator in Pontotoc county and he has revolutionized agriculture in that county, according to a statement made by the Ada News. Mr. Ellis makes a specialty of using the columns of his home paper, and through that medium keeps interest in his work at white heat all during the year. Mr. Ellis has been very successful with his club work among the boys and girls of his county.

The Gist of It.

"Last December I had a very severe cold and was nearly down sick in bed. I bought two bottles of Chamberlain's Cough Remedy and it was only a very few days until I was completely restored to health," writes O. J. Metcalf, Weatherby Mo. "I would call the value of this remedy, ask any one who has used it. Obtainable everywhere."

Catarrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

BENEVOLENT ASSOCIATION ELECTS OFFICERS WEDNESDAY

The Ardmore Benevolent association postponed its meeting, scheduled for this afternoon until 3 o'clock Wednesday afternoon. The association is to elect a full complement of officers and all members are urged to be present.

Constipation and Indigestion.

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Obtainable everywhere.

Ardmore Still Improving.

There is being installed an electric sanatory at 14 North Washington street by Dr. Ruhl. Modern electrical apparatus will be used.

LIVEN UP YOUR TORPID LIVER

To keep your liver active use Dr. King's New Life Pills. They insure good digestion, relieve constipation, and tone up the whole system—keep your eye clear and your skin fresh and healthy looking. Only 25c at your druggist.

MONTHLY CROP SUMMARY FOR DECEMBER 1915

| | |
|--|--------------|
| Growing condition of winter wheat..... | 80 per cent |
| Present condition of wheat compared with the condition of the same date last year..... | 80 per cent |
| Per cent of the following crops produced this year that is still in the hands of the farmer: | |
| Cotton | 12 per cent |
| Corn | 54 per cent |
| Wheat | 23 per cent |
| Oats | 42 per cent |
| Present condition of the following live stock: | |
| Cattle | 95 per cent |
| Hogs | 91 per cent |
| Poultry | 96 per cent |
| Number of live stock on hand at the present time, compared with the number on hand one year ago. Last year's number represented by 100 per cent: | |
| Cattle | 99 per cent |
| Hogs | 91 per cent |
| Poultry | 101 per cent |
| Live stock being fed for commercial purposes compared with the number fed last year. Last year's number represented by 100 per cent: | |
| Cattle | 90 per cent |
| Hogs | 91 per cent |
| Average price for the state of the following: | |
| Wheat, per bushel..... | 53c |
| Corn, per bushel..... | 50c |
| Oats, per bushel..... | 35c |
| Cotton, per pound..... | 11.5c |
| Condition of the soil as regards moisture | 82 per cent |
| Wheat: The growing condition is 80 per cent. In November the growing condition was 89 per cent. This is 9 per cent less than in November, due to dry weather and insects, particularly the green bug, which has been working in some parts of the state. There has been lots of good green bug weather during the past month, and if it continues they are sure to get the small grains. | |
| Cotton: The crop has been practically all picked and ginned. Revised figures show a yield of 177 pounds of lint cotton to the acre. The estimated yield for this year is 644,000 bales. This is 589,000 bales less than was produced in 1914. | |
| All live stock are in the best condition. | |

dition, with the exception of swine as there is a great deal of hog cholera throughout the state. The number on hand is practically the same as that on hand one year ago, however, there is a decrease of 10 per cent in the number of cattle being fed for commercial purposes, and a decrease of 9 per cent in the number of hogs being fed.

There is still 23 per cent of wheat, 64 per cent of corn, and 42 per cent of oats in the farmers' hands. Since our last report 8 per cent of wheat, 10 per cent of corn and 4 per cent of oats has been sold and consumed for feeding purposes.

Respectfully submitted,
OKLAHOMA STATE BOARD OF AGRICULTURE
By F. M. Gault, President.

On Losing Your Temper.

There is an old saying to the effect that the Jesuits are wise; they never lose their temper. This adage we submit for the consideration of those choleric people, male and female who cannot comprehend that a combination of sound and fury may as often contain elements of low comedy as of strength. He lost his temper is frequently another way of saying he lost his fight.—Baltimore Sun.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or, as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a teaspoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to
Eat Less Meat and Take
Salts.

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to drink warmly, keep the feet dry, avoid exposure, eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism, get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water, drink which helps overcome uric acid and is beneficial to your kidneys as well.
